Park 2	Call 1	Call 2	Speaker Phone

Hold is a hard key
Answer/Release is a hard key

The boxes represent the label that will appear on your phone station. Each phone will have a unique label and will require a label sheet to be completed for each station. In most cases the label sheet will be placed in the space above the number pad on the phone. For assistance please call 406-922-5000.

Tips

- 1) Place line keys (make similar on all phones) i.e. 555-5555 or Line 1
- 2) Choose keys for extension names/numbers i.e. Jamie, 108 or Jamie 108
- 3) Designate keys for Speed Dial Numbers (provide a name for the key, not a phone number)
- 4) Select keys for Special Key Feature Options some examples would be an Intercom key for paging extensions or a Voicemail key if you have system voicemail. You can see more options below.

Examples of Special Key Features

Line Buttons	Night	Speed Directory	Conference
Speed Dial	Voicemail box	System Directory	Forward
Stations/Exts	Voicemail Transfer	Do not Disturb	Mute
Park	Caller ID Log	Redial	Speaker Phone
Headset	Call Buttons	Transfer
