## Connect Telephone & Computer Group Leverages Inspeed Networks to Provide Quality Services

*A Simple Yet Powerful
SD WAN Solution*

BILLINGS, MT – November 2018 - InSpeed Networks™ the leading provider of self-driving SDWAN solutions and Connect Telephone & Computer Group, a leading technology firm headquartered in (BILLINGS, MT), today announced that Connect Telephone & Computer Group has selected InSpeed Networks to help them provide unified connectivity, improved network performance, security and real-time visibility.

The InSpeed Cloud based platform provides Connect Telephone & Computer Group's customers with the ability to confidentially implement Voice and Video solutions over commodity Internet connections. Voice, Video and Virtual Desktop Infrastructure solutions work every time, all the time. InSpeed solves five common problems that we see businesses deal with every day: quality of service, visibility, business continuity, security and deployment and management challenges.

"Our customers are looking for advanced, secure communications over inexpensive commodity internet connections, that can be quickly deployed, and easily maintained, which made InSpeed's cloud platform the obvious choice for us," said Matt Duray, President. "Unlike competing solutions that

require constant maintenance and, in the end only frustrate the customer, InSpeed, delivers an enterprise ready SDWAN solution designed to support companies of all sizes with an elegant approach to solving a complex network issue."

"We are delighted to enhance their Unified Communications offerings with InSpeed's self-driving service," said Charles Krogman, Vice President of InSpeed Networks. "With InSpeed Quality Service (IQS), we deliver on the promise and vision of SDWAN without the complication of managing it. Why not let it run itself?"

Key Takeaways:

- Connect Telephone & Computer Group is a leading technology firm that has chosen the InSpeed cloud service to deliver best-in-class SD-WAN services to its large customer base throughout the country.
- Connect Telephone & Computer Group selected InSpeed Networks because their solution solves five common problems that their customers deal with every day: quality of service, visibility, business continuity, security and deployment and management challenges.
- InSpeed Networks, which creates the ability to reliably utilize commodity internet link

for time sensitive traffic, fits perfectly with Connect Telephone & Computer Group mission to provide best in class Customer Satisfaction for their customers.

**ABOUT CONNECT TELEPHONE & COMPUTER GROUP:**

Connect Telephone & Computer Group is Montana's premier telephone and data communications group. Connect provides industry-leading products, serviced by the most certified technicians in the region. The company's local dispatch center delivers round-the-clock service to ensure system reliability. The Connect Group also offers comprehensive service 24 hours a day, 7 days a week and emergency service guaranteed within 4 hours.

**ABOUT INSPEED NETWORKS**

InSpeed provides businesses with the ability to simply install a service that Streamlines™ their commodity internet connections for crystal clear voice, artifact free video, and responsive virtual desktop sessions. InSpeed's Streamlining™ technology is self-adjusting and simple to install. Now customers can utilize commodity Internet to access critical cloud services, and safely move away from expensive fixed circuits without the risk of poor quality voice, video and virtual

desktop sessions.  Headquartered in Palo Alto, California, InSpeed offers its cloud service to its Channel Partners in the US and Canada.  For more information, visit inspeednetworks.com.
